Crimson Time Row Stopped by Waves

Three Miles in 15:32-Yale Takes it Easy-Brooklyn Shape for Tonight-Giants Beat up Boston.

Red Top, June 23 .- Despite the intense heat on the river, the Harvard varsity, accompanied by the freshman eight, started what was intended to be a time row over the four-mile course, a passing steamer stopped the row at

down stream, tonight, but the waves of a passing steamer stopped the row at the three mile flag, that much of the ecourse having been covered in 18.32. He steamer was warned by the four-coared crews and the launch, but continued at full speed, making such high waves that the varsity coxswain was obliged to steer the shell head-on to prevent being swamped. The shell was ctrained, though it is not thought that permanent influry was done.

The freshmen got the better of the start by about two feet, starting with permanent influry was done.

The freshmen got the better of the starting at 40 soon overtook the freshmen mand at the half-mile flag led by ten feet. The varsity continued to draw ahead and led by a length and a half mark, the lead was two and a quarter lengths, with the time 10.22. At the two miles the freshmen stopped and the varsity continued until stopped by the waves of the steamer at the three-mile flag, the distance having sheen covered in 18.32. The varsity growed extremely well with the exception of 1. Withinston at No. 5, who seemed a listle slow.

The morning practice of the varsity eight consisted of a row down stream for a mile and a half miles, returning over the two-mile course at a stroke varying from 30 to 36. The freshmen for two and a half miles, returning over the two-mile course at a stroke varying from 30 to 36. The freshmen for return was made at a stoke of 30. The second four went down stream for a mile and a half.

TO THE

TOO HOT FOR YALE. Crews Had Light Work Wednesday Morning and Evening.

heat of today prevented other than light work by the Yale crews, both in the morning and evening practices.
For the morning's practice the two For the mornings practice the two
eights and the four oars rowed upstream for a mile and a half and then
lined up for a racing start at 40
strokes, at the end of which the crews
returned to the float.

The two varsity fours were the first,
out tought some unstream for a mile

out tonight, going upstream for a mile at a slow stroke under the coaching of Mr. Kennedy. On the return two racing starts of about 40 strokes were tried, the rest of the way to quarters being gone over in a leisurely manner.

The varsity and freshman eights and the freshman four took the water shortly after six o'clock, going down atream for a mile and a half, and re-turning over the four-mile course. Racing starts were tried at the mile

MARKET INTENSELY DULL.

Price Movements Remarkable in Sev-

New York, June 23.—The Intense duliness of today's stock market served to obscure the importance of the price movements, which were remarkable in several cases. The general fitnness was influenced by sympathy with the notable strength in these special stocks, but more distinctly by the technical factors in the position Principal of these was the building up of a short interest which proved to possess little determination in maintaining their position with signs of resistance to the downward course of prices, Covering up of shorts made up an important part of the day's demand. The criciusion of the London stock market settlement with no casualties as a result of the heavy declines since the

result of the heavy declines since the preceding settlement removed a cause of apprehension and brought in some important buying of stocks here from

at source.
The copper industrials were affected

produced on copper industrials in New York, although they were laggard in comparison with the general upward teidency. The movement that at-tracted most notice in the day's mar-ket fas that the Union Pacific prefer-red which moved up to a record price, and one out of line with its investment

return compared with the current noney market. Rumors of an inten-tion to retire the stock were given to

on to retire the stock were given to account for its rise. It is supposed that the purpose to retire the stock would be to avoid the embarrassment of c.lims from the preferred stockholders to share in a distribution of investment holdings by the company of other shares. Such a distribution was under official discussion at one time when the capital was under scrutiny for alleged violation of the interstate

for alleged violation of the interstate commerce law in holding those shares. The company has no explicit right rel served to retire the preferred stock at

a fixed price, as was the case with Couthern Pacific preferred, and it was assumed, therefore, that a plan must be attractive to preferred stockholders to induce their acceptance. The Cay's rumors had to do with a suppos

od-offer of one share of Union Pacific

preferred, or an exchange of a con-wrible bond for the preferred stock with rights of conversion into common stock, presumably at a price above the

stock, presumably at a price above the current market quotation. There was, a ching like official confirmation or condensation of these rumors, but they were extremely effective with Union Leific and revived consideration of wrious other deal rumors. This was of effect in advancing Wabash preferred. Reading, New York Central, Atolikon and others which have been the subject of deal rumors. American Woolen preferred declined sharply on reported sale of additional preferred stock by the company. Third Avenue

We olen preferred declined sharply on reported sale of additional preferred stock by the company. Third Avenue suffered again from the supposed vicisitudes of the reorganization plans. The pronounced duliness which has developed in the demand for copper was responsible for the backwardness of the stocks of copper companies. Little attention was paid to the engagement of a million dollars of gold for shipment to South America and the raintenance of the exchange rates near the level of profits of shipments to London. Bonds were firm. Total sales, par value, 13,359,000. United States bonds were unchanged on call.

SENIOR EPWORTH LEAGUE

Held Outing at Poquetanuck Drawbridge and Had Fine Time.

Members of the Senior Epworth league of the Trinity Methodist church enjoyed a delightful outing at the drawbridge Tuesday evening. Most of them took the Westerly trolley at 5.45 p. m., while some came on the next car and a 'ew went by automobile. Rowing, swinging, games, a adpper attractively served and singing filled up the time most joyously. Lewis M. Carpenter is president of the league. His brother, Paul Carpenter, who lives hear the picnic grounds, rendered specially valuable service in handling the oars and supplying lanterns for the walk through the pines back to the trolley station. Mrs. J. C. Morgan, Mrs. Edward Himes and Mrs. E. P. Armstrong chaperoned the party mest acceptably. The pastor, Rev. Dr. M. S. Kaufman, and David H. Purvis gave a sense of security to the young people such as added much to their enjoyment of the good time. All returned home on the 10 o'clock car feeling well pleased with the whole affair.

American Poloists Win-London, June 23.—The Meadowbrook club's polo team from Westbury, L. I. won the first game in the international match played at Hurlingham today for the American polo cup, scoring nine goals to five for the English team.

At half-time the Meadowbrook team had scored five goals to the English team's one.

Devereux Milburn made two goals

Devereux Milburn made two goals for the American players, while the other seven were scored by L. Waterbury and J. M. Waterbury, Jr.

The American viotory today was comparatively easy. There were fully five thousand spectators present at the Hurlingham club ground and there was witnessed an exhibition of combination play and striking power by the Meadowbrook team which, if it can be repeated on Saturday, when the second match will be played, will assure the return of the pole cup to America.

Gravesend, June 23 .- The Gravesend Gravesend, June 23.—The Gravesend meeting came to a close today with a good card and a fair crowd in attendance. The feature of the programme was the Bedford stakes, five furlongs, and resulted in a very easy victory for Mexoana, an 8 to 1 shot. She took command in the stretch and won by two lengths from the favorite, Pretend.

BITGOODS HEARD FROM.

Well Known Voluntown Frost Wants Apollo Brothers to Come Back.

The following, addressed to The Bulletin, explains itself:

We wish to announce to the sporting people of Norwich that Doane Bitgood of Bitgood brothers, strongest men on earth, will carry over 300 pounds of sand off the stage. We understand that some of the local people of Norwich say we could not duplicate the Apollo brothers' trick of carrying 300 pounds of sand. We would like to see the Apollo brothers come back to Norwich once more! and Doane Bitgood will carry 300 pounds sack of sand off the stage for just \$1,000.

The local sportsmen of Norwich may put up a new sack of sand weighing over 300 pounds under my instructions so it will allow a fair trial for each

over 300 pounds under my instructions so it will allow a fair trial for each contestant, and if you and the Apollo brothers think I cannot duplicate the trick, place the \$1,000 on the stage or check for \$1,000, and I will show the people how easy I can walk off with the sand,

Yours truly,

BITGOOD BROTHERS, Strongest Weight Lifters in the Wo Voluntown, Conn., June 21, 1969.

The above challenge will probably be given the merry ha-ha by the Norwich sports, who remember the Bitgoods on their last appearance here as one of the biggest frosts that ever came down the pike.

They blew into town and got a lot of good advertising and when it came to a showdown they might just as well have been in China. They are in bad to ask anyone to put up \$1,000 to see them lift sand. What are they risking?—[Sporting Editor.

Ring Followers Going to Central Vil-

Norwich followers of the boxing came are grasping the chance tonight o see a go at their favorite sport and to see a go at their favorite sport and a big party is going up to Central Village on the 6.45 car to be on hand for the ten rounds between Paddy Fenton of this city, the old time walloper who is coming back after Young Corbett's example, and Bill Collins, the rising ring artist from Central Village. Collins has arranged to pitch the ring in the center of the town hall, as the stage is not large enough. Both scrappers report themselves in prime shape. The preliminary is also expected to be fully as interesting to the Norwich sports as the main bout, bringing together Young Allen, Jack McGraths protege, and Kid Couthy of Putnam for six rounds. The boys are looked to six rounds. The boys are looked to put up a gingery go at 135 pounds. The Norwich party will be back by the last trolley.
